Of Interest to Ladies.

We offer no apology in placing before you The Ladies' Safe Protector. It is absolutely reliable, easily adjusted, does not become misplaced and insures protection. Can be worn when desired without observation or knowledge of another, and prevents disagreeable annoyance under certain conditions. If you use it once you will never be without it. It is a faithful, safe and reliable friend whenever needed by special circumstances requiring its use. It is an article every woman should keep ready for immediate use. It is simple to use, and inspires confidence to the woman using it. It is reliable and scientifically made, insures protection without injury to health, as any good physic an would say. We are of the opinion that no article has ever been made which will give as much satisfaction to the woman of today as The Ladies' Safe Protector. The immense sales of this article is a substantial indorsement of our claim. Do not therefore experiment with any of the numerous unreliable articles, as it is both dangerous to bealth and expensive to do so. Such experimenting can only result in loss of time, disappointment and dismal failure. Ladies should remember this before ordering other goods and not waste their time and money on inferior articles. The best is always the cheapest. The Ladies' Safe Protector is sold under a positive guarantee for use for one year, with full directions and is sent sealed in plain wrapper upon receipt of express money order for \$2.00, three for \$5.00. Systematic Plan of Speculation

originated by us. All successful speculators operate on a regular system.

It is a well-known fact that those are thousands of men in all parts of the United States who by systematic trading through Chlosgo brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to \$50,900 to \$1,0,000 or more by those who invest a few thousand.

It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chlosgo and invest through brokers who thoroughly understand systematic trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides, so list whether the market rises or falls it brings a steady profit that plies up enormously in a hort time.

WHITE FOR CONVINCING PROOFS, also our Manual on successful speculation and our Daily Market Report, full of money-making pointers. ALL FREE Our Manual explains trading fully. Highest references in regard to our standing and success.
